Crews Responding to Fire near Terwilliger Hot Springs

Blue River, OR, August 19, 2018 – Firefighting resources, including engines and aircraft, from the Forest Service and Oregon Department of Forestry are responding to a new fire recently reported on the McKenzie River Ranger District, Willamette National Forest. The fire is estimated to be around 110 acres, approximately 4 miles south of Highway 126 on Aufderheide Scenic Highway, Forest Service Road 19, in the area of Terwilliger Hot Springs. Visitors are advised to avoid the area.

Conditions are exceptionally dry causing the fire to grow quickly. "Forest conditions are very receptive to fire starts and growth right now," said Darren Cross, District Ranger. "As a reminder, all campfires outside designated campgrounds within the Willamette National Forest are banned. Please remain vigilant with fire prevention efforts."

Smoke from this fire may be visible from the communities of McKenzie Bridge, Rainbow and portions of Highway 126. More information will be available soon.

For more information and fire updates call the McKenzie River Ranger District at 541-822-3381 or visit our website www.fs.usda.gov/willamette/ and follow us on Facebook, <https://www.facebook.com/willamettenf/>, and Twitter, <https://twitter.com/willametteNF>.
